

PETER MULIKOV

FRONT-END-DEVELOPER

I'm JavaScript / React.js developer, team-player with a strong motivation, desire, and ability to learn. I perform the tasks entrusted to me efficiently and independently.

My goal is to become a highly qualified Full-Stack (MERN) developer. I want to be helpful to the team and take part in creating incredible projects.

My intention is to constantly learn, gain new knowledge and experience, and improve my abilities.
